Re: Consent Order Paragraph 23 Notification

Dear Ms. Holman,

This letter is to notify the Department that in accordance with Paragraph 23 of the Consent Order, Chemours is discontinuing delivery of bottled water to those residences where a GAC system has been installed and sampling has confirmed the effectiveness of that GAC system. Residents with operational GAC systems that have been demonstrated to be effective will be informed by letter that they will no longer receive bottled water. Chemours intends to provide such notifications on an ongoing basis as additional GAC systems are installed and shown to be effective. If you have any questions, please let me or Christel Compton know.

Sincerely,

A handwritten signature in black ink that reads 'Brian D. Long'. The signature is written in a cursive style with a large, sweeping 'B' and a long, trailing 'y'.

Brian D. Long  
Plant Manager
