Subject: Customer Communication for Ti-Pure™ Titanium Dioxide SDS as a Non-Classified Substance

1. Background

As per REACH Art 31.1 Requirements for safety data sheets

The supplier of a substance or a preparation shall provide the recipient of the substance or preparation with a safety data sheet compiled in accordance with Annex II:

(a) where a substance or preparation meets the criteria for classification as dangerous in accordance with Directives 67/548/EEC or 1999/45/EC; or

(b) where a substance is persistent, bioaccumulative and toxic or very persistent and very bioaccumulative in accordance with the criteria set out in Annex XIII; or

(c) where a substance is included in the list established in accordance with Article 59(1) for reasons other than those referred to in points (a) and (b).

2. Obligations for non-classified substances

For Ti-Pure™ TiO₂ pigments, which are not classified as dangerous in the sense of REACH Art 31.1, there is no legal obligation to provide a safety data sheet.

In support of our global commitment to Product Stewardship, Chemours is pleased to provide safety data sheets for those substances not classified as dangerous.

In order to ensure to customers that Chemours has taken into account the uses of our customers have been registered as identified uses under REACH, Chemours follows the recommendation of the Regulation (EU) No 453/2010 of 20 May 2010 amending Regulation (EC) No 1907/2006 of the European Parliament and of the Council on the Registration, Evaluation, Authorisation and Restriction of Chemicals (REACH) ECHA guidance of 24 March 2010 and report relevant identified uses as follows.
In section 1.2. Relevant identified uses of the substance or mixture, and uses advised against. Chemours, as your supplier, will mention the relevant identified use(s) of a substance and the uses advised against if relevant. The intention is not to list all the combinations of use descriptors, but rather to have a general description of uses. This brief description should be sufficient in order to communicate what the substance or mixture is intended to do.

The Safety Data Sheet for Ti-Pure™ shall list the following use in section 1.2:
- Pigments
- Colouring Agents

Should you have any question regarding the content of this letter, or any other REACH related subject, please do not hesitate to contact us.

Yours faithfully,
