Health Canada’s Health Products and Food Branch has provided Chemours with a letter of non-objection for use of the following:

**Ti-Pure™ titanium dioxide pigment grades R-101, R-103, R-104, R-105, R-350, R-706, R-900, R-902+, and R-960** when used as components of food packaging materials such as films, coatings and related applications which may involve direct contact with foods, provided that the amount used does not exceed that required to accomplish the intended technical effect and that at no time would that amount exceed 20% by weight of the food contact material.

**Ti-Pure™ RPS Vantage™** when used at a maximum level of 5% titanium dioxide on a dry basis in the manufacture of paper board or paper for packing of all types of food up to 100 °C for 45–60 minutes for baking papers and 2 minutes for microwave susceptors.

**Ti-Pure™ products may not be directly added to food, pharmaceuticals, cosmetics, or cigarette papers/filters for tobacco products.**

**CAUTION:** Do not use Chemours materials in medical applications involving permanent implantation in the human body or contact with bodily fluids or tissues, unless the material has been provided from Chemours under a written contract that is consistent with Chemours policy regarding medical applications and expressly acknowledges the contemplated use. For further information, please contact your Chemours representative.

For medical emergencies, spills, or other critical situations, call (844) 773-2436 within the United States. For those outside of the United States, call (302) 773-1000. The information set forth herein is furnished free of charge and based on technical data that Chemours believes to be reliable. It is intended for use by persons having technical skill, at their own discretion and risk. The handling precaution information contained herein is given with the understanding that those using it will satisfy themselves that their particular conditions of use present no health or safety hazards. Because conditions of product use are outside our control, Chemours makes no warranties, express or implied, and assumes no liability in connection with any use of this information. As with any material, evaluation of any compound under end-use conditions prior to specification is essential. Nothing herein is to be taken as a license to operate under or a recommendation to infringe any patents.

NO PART OF THIS MATERIAL MAY BE REPRODUCED, STORED IN A RETRIEVAL SYSTEM OR TRANSMITTED IN ANY FORM OR BY ANY MEANS ELECTRONIC, MECHANICAL, PHOTOCOPYING, RECORDING OR OTHERWISE WITHOUT THE PRIOR WRITTEN PERMISSION OF CHEMOURS.
