We’re Chemours, a different kind of chemical company.

Chemours is a different kind of chemistry company driven by our purpose to create a more colorful, capable, and cleaner world through the power of chemistry.

Built upon a 200-year-old legacy and a world-class product portfolio, we bring everyday convenience to virtually everything people touch—in industries ranging from automotive, paints, and plastics to electronics, construction, energy, and telecommunications. We bring solutions that are better, safer, more reliable, and more sustainable, through the power of chemistry.
BALANCING GROWTH AND RESPONSIBILITY

Nearly four years into our journey, we are poised for responsible growth—growth that delivers shareholder returns while we invest in our future. Responsible growth requires a steady hand at the helm; an understanding of shifting market dynamics; and a workforce that each day brings rigor, a nimble bias for action, and unwavering dedication to meeting the ever-increasing demands of our customers and, increasingly, the communities in which we operate.

Key 2018 Milestones

Fluoroproducts
- We completed construction of our new Opteon™ facility in Corpus Christi, tripling our company’s production capacity of this environmentally friendly refrigerant
- We acquired ICOR International, expanding our reach into the residential HVAC market

Chemical Solutions
- 2018 was an injury-free year for Chemours employees and contractors working in the Chemical Solutions segment
- We continue to supply the growing needs of our mining customers in the Americas

Titanium Technologies
- We implemented Ti-Pure Value Stabilization (TVS), a long term strategy providing business value for both Chemours and our customers
- We launched an industry-first web portal, Ti-Pure™ Flex, allowing our customers to purchase online with no advance commitments

Our Growth Pillars

Portfolio
We remain committed to managing our businesses proactively and strategically by continuing to invest in our market-leading businesses, and by adding complementary acquisitions. Creating a highly investable business portfolio is our top priority.

Partnerships
Through the power of collaboration, we can find new solutions to old problems, making the world better. We will continue to work hand in hand with our partners and customers to develop new opportunities.

Performance
To put it simply, we strive to be top-tier. We will continue to set clear targets and goals for ourselves: Adjusted EPS growth, higher Adjusted EBITDA margins, and ROIC. We’ll communicate and measure our progress against these ambitious benchmarks.

People
A thriving workforce culture is essential to our success. We strive to unleash the power of our talented, experienced, and passionate employees who make us Chemours.

1. Our reconciliations of non-GAAP measures to GAAP measures are available at investors.chemours.com.
2. Calculated as Adjusted EBITDA over Net Sales.
OUR CORPORATE RESPONSIBILITY COMMITMENT

In 2018, we launched our first, formal corporate responsibility program with ten ambitious goals, aligned with the United Nations Sustainable Development Goals, that we aim to accomplish by 2030:

- Reduce greenhouse gas emission intensity by 60%
- Reduce air and water process emissions of fluorinated organic chemicals by 99% or greater
- Reduce landfill volume intensity by 70%
- Improve employee, contractor, process, and distribution safety performance by at least 75%
- Invest $50 million to advance STEM education, improve the environment, and make work and home safer in our communities
- Globally, fill 50% of company positions with women
- Within the U.S., achieve 20% ethnic diversity in our workforce
- Generate 50% of our revenue from solutions that contribute to the 2030 United Nations Sustainable Development Goals
- Show a 15% improvement in the sustainability performance of 80% of suppliers by spend
- By 2030, progress our plan to become carbon positive by 2050

THE FIVE VALUES WE LIVE BY

We believe that the power of chemistry can have a positive impact on the world. We live that commitment through the principles that drive us:

- Customer Centered
- Refreshing Simplicity
- Collective Entrepreneurship
- Safety Obsession
- Unshakable Integrity

WHAT WE DO

Catalysts for Change

Titanium Technologies

A market leader in titanium dioxide (TiO₂) production: more than 80 years of experience in products for coatings, plastics, laminates, and paper

Fluoroproducts

A market leader in manufacturing of fluoroproducts: base and low global warming potential (GWP) refrigerants, specialty products, industrial resins, monomers, consumer and industrial finishes, melts, and surface protection

Chemical Solutions

A market leader in solid sodium cyanide production across the Americas: via our Mining Solutions team, a leader in safe, efficient production of sodium cyanide for the extraction of gold and other precious metals

OUR BRANDS

58 manufacturing facilities, laboratory sites, and offices globally

7,000 employees worldwide

7,000 employees worldwide

120 countries
