Why do I need hospitalization coverage?

Unplanned hospital¹ stays can be expensive. Hospital Indemnity Insurance from MetLife helps by supplementing your medical plan coverage. You'll receive a lump-sum payment² that you can use to pay for things that your medical plan may not cover, such as deductibles, co-pays, out-of-network care, even everyday living expenses. It also provides payment for specialized care; for example, if you need to be in an Intensive Care Unit (ICU).³

Hospital indemnity insurance is designed to supplement your healthcare plan.

Q. Am I eligible to enroll for this coverage?

A. Yes, you can enroll both yourself and eligible members of your household. All you need to do is enroll during the open enrollment period and be actively at work. Some states require the insured to have medical coverage, and dependents may be subject to medical restrictions as outlined in the Certificate.

Q. I have a medical plan at work, so why do I need hospital indemnity insurance?

A. Hospital stays can be pricey and are often unexpected. Even the best medical plans can leave you with extra expenses to pay or with

services that just aren't covered,⁴ such as plan deductibles, co-pays, extra costs for out-of-network care, or non-covered services. Many people aren't prepared to handle these extra costs, so having this extra financial support when the time comes may mean less worry for you and your family.

Q. Can I enroll for this insurance without having a medical exam?

A. Yes. Your coverage is guaranteed⁵ regardless of your health. You just need to be actively at work. There are no medical exams to take and no health questions to answer, so the whole process might be easier than you first thought.

Q. How much will coverage cost and how do I pay for it?

A. Hospital indemnity insurance may cost less than you think. It's designed to be an economical way for you to supplement your healthcare plan. Exact rates can be found in the enrollment materials provided by your employer. **You pay premiums through payroll deductions,** so you don't have to worry about writing any checks or missing payments.

Hospital Indemnity Insurance

Coverage to help pay for expenses related to hospitalization that may not be covered under your medical plan.

Q. When does my coverage begin?

A. Your coverage starts on the effective date. There are no waiting periods for it to begin.

Q. Are benefits paid directly to me or my healthcare provider?

A. Payments go directly to you, not to the doctors, to the hospitals or to any other healthcare providers. And to make things even easier, the check is made payable to you. There's no need to coordinate with any other insurance you may have. The amount you receive will be on top of any other insurance payment you might receive from other plans. You can spend the hospital indemnity insurance payment however you like.

Q. If my employment status changes, can I take my coverage with me?

A. Yes. This coverage is portable, meaning you can take it with you wherever you go so long as you continue paying your premiums.⁶

Q. Is the claims process simple?

A. Yes. Once we've received all the necessary information, claims are generally processed within 10 business days. You only need one claim form per admission or hospital stay and every claim is reviewed by a professional.⁷
