MERCOSUR Food Contact Status of Ti-Pure™ Titanium Dioxide Pigments

Ti-Pure™ titanium dioxide pigment grades R-104, R-105, R-108, R-350, R-900, R-960, and TS-6706 are acceptable for plastic packaging materials for food contact uses in MERCOSUR countries, in accordance with GMC Resolution N° 15/10, GMC Resolution N° 39/19, and their respective Brazilian implementations under RDC N° 961/2023 and RDC N° 963/2023, as amended.

Additionally, TiO₂ is considered a food contact additive per GMC Resolution N° 39/19 and is listed without restriction in Annex I of RDC 963/2023.

The present review only refers to food-contact applications. Ti-Pure™ products may not be directly added to food, pharmaceuticals, cosmetics, or cigarette papers/filters for tobacco products. Ti-Pure™ products may not be used in the manufacture of any medical device for implantation in the human body without prior written agreement of Chemours.

Further questions should be directed to

CAUTION: Do not use or resell Chemours™ materials in medical applications involving implantation in the human body or contact with internal body fluids or tissues unless agreed to by Chemours in a written agreement covering such use. For further information, please contact your Chemours representative. These materials may not be directly added to food, pharmaceuticals, cosmetics, or cigarette papers or filters for tobacco products.

The foregoing applies solely to direct addition. This statement does not address, and should not be interpreted as determining, the suitability of Chemours products for use as components of materials or articles intended to come into contact with food. Where such uses are contemplated, the customer or other downstream user is solely responsible for determining and ensuring that the finished material or article complies with all applicable food contact laws and regulations in the relevant jurisdiction(s), including any applicable use, migration limits, good manufacturing practice requirements, and documentation or declaration obligations.

For medical emergencies, spills, or other critical situations, call +1 844 773 2436 for those within the United States or Canada. For those calling from other countries, call +1 302 773 1000, using the appropriate international access prefix. If immediate assistance is required, contact local emergency services.

The information set forth herein is furnished free of charge and based on technical data that Chemours believes to be reliable. It is intended for use by persons who have technical skills, at their own discretion and risk. Users are responsible for evaluating Chemours materials under their specific conditions of use and for determining the applicability of appropriate safety, handling, and regulatory requirements, including those described in the applicable Safety Data Sheet (SDS). Because conditions of use are outside our control, Chemours makes no warranties, express or implied, and assumes no liability in connection with any use of this information. As with any material, evaluation of any compound under end-use conditions prior to specification is essential. Nothing herein is to be taken as a license to operate under or a recommendation to infringe any patents.

Permission is granted to reproduce and transmit this statement as reasonably necessary for internal use and for purposes of evaluation of Chemours materials, safe handling, regulatory review, and compliance documentation, including sharing with customers and regulatory authorities. Any other reproduction or distribution requires the prior written permission of Chemours.
