Re: Proposed Consent Order Paragraph 11(b) Sampling Plan

Dear Ms. Culpepper,

Paragraph 11(b) of the proposed Consent Order states that “By December 31, 2018, Chemours shall submit a sampling plan to DWR for approval.” Although the proposed Consent Order has not yet been entered by the Court, Chemours is continuing to proceed on the schedule set forth in the proposed Consent Order with respect to these requirements. We are also providing notice as set forth in the proposed Consent Order.

A sampling plan pursuant to Paragraph 11(b) is enclosed for DWR’s approval. The sampling plan includes “proposed locations for sampling to carry out the initial characterization of all PFAS described in [proposed Consent Order Paragraph 11(c)].”

Please let me know if you have any questions. We will await further action with respect to the sampling plan until we receive DWR’s approval.

Sincerely,

A handwritten signature in black ink that reads "Brian D. Long". The signature is written in a cursive style with a large initial "B" and a distinct "D" and "L".

Brian D. Long
Plant Manager
