The Chemours Company to Host Community Information Session in North Carolina
Will Provide Updates on $100 Million Commitment to Address Emissions

Wilmington, Del., June 1, 2018 – The Chemours Company (Chemours) (NYSE: CC), a global chemistry company with leading market positions in titanium technologies, fluoroproducts and chemical solutions, will host a community information session in Fayetteville, North Carolina on June 12 to share updates regarding their Fayetteville Works facility.

Who May Attend: All Fayetteville and surrounding community members

What We Will Cover: As part of its commitment to communicate more with its community neighbors, Chemours will host a community information session to share its comprehensive plan to address emissions control in the short and long-term at the Fayetteville Works facility. This session will include updates on the recent installation of state-of-the-art technology, and the company’s ongoing investment in emission control technology to make the Fayetteville Works plant a best-in-class facility with respect to air and wastewater emission control. Attendees will also have the opportunity to ask questions.

Where: Faith Tabernacle Christian Center, 3744 NC Highway 20 East, Saint Paul's.

When: June 12, 2018 @ 6:00pm

Forward Looking Statements
This press release contains forward-looking statements, within the meaning of the safe harbor provisions of the U.S. Private Securities Litigation Reform Act of 1995, that involve risks and uncertainties. Forward-looking statements provide current expectations of future events based on certain assumptions and include any statement that does not directly relate to any historical or current fact. The words "believe," "expect," "will," "anticipate," "plan," "estimate," "anticipate," "target," "project," and similar expressions, among others, generally identify "forward-looking statements" which speak only as of the date the
statements were made. These forward-looking statements may address, among other things, the outcome or resolution of any pending or future environmental liabilities, litigation and other legal proceedings or contingencies, anticipated future operating and financial performance, business plans and prospects, transformation plans, cost savings targets and plans to increase profitability, that are subject to substantial risks and uncertainties that could cause actual results to differ materially from those expressed or implied by such statements. Forward-looking statements are based on certain assumptions and expectations of future events which may not be accurate or realized. Forward-looking statements also involve risks and uncertainties which are beyond Chemours’ control. Additionally, there may be other risks and uncertainties that Chemours is unable to identify at this time or that Chemours does not currently expect to have a material impact on its business. Factors that could cause or contribute to these differences include the risks, uncertainties and other factors discussed in our filings with the Securities and Exchange Commission, including our Annual Report on Form 10-K for the year ended December 31, 2017. Chemours assumes no obligation to revise or update any forward-looking statement for any reason, except as required by law.
