

## **Chemours Titanium Technologies Announces Global Price Increase**

**Wilmington, Del.**, December 17, 2015 – The Chemours Company (“Chemours”) (NYSE: CC) announced today a global price increase on all Ti-Pure™ titanium dioxide grades.

Effective January 1, 2016 or as contracts or law allow, a net price increase of \$150 per tonne will apply for all Ti-Pure™ titanium dioxide grades sold in all regions.

Chemours Titanium Technologies is the world's largest manufacturer of titanium dioxide, serving customers globally in the coatings, paper and plastics industries. The company operates plants at DeLisle, Miss.; New Johnsonville, Tenn.; Altamira, Mexico; and Kuan Yin, Taiwan; all of which use the chloride manufacturing process. The company also operates a mine in Starke, Fla. Technical service centers are located in Paulinia, Brazil; Mexico City, Mexico; Mechelen, Belgium; Kuan Yin, Taiwan; Shanghai, China; and Wilmington, Del., to serve the Latin American, European, Middle Eastern, Asian and North American markets.

### **About The Chemours Company**

The Chemours Company (NYSE: CC) helps create a colorful, capable and cleaner world through the power of chemistry. Chemours is a global leader in titanium technologies, fluoroproducts and chemical solutions, providing its customers with solutions in a wide range of industries with market-defining products, application expertise and chemistry-based innovations. Chemours ingredients are found in plastics and coatings, refrigeration and air conditioning, mining and oil refining operations and general industrial manufacturing. Our flagship products include prominent brands such as Teflon™, Ti-Pure™, Krytox™, Viton™, Opteon™ and Nafion™. Chemours has approximately 8,400 employees across 36 manufacturing sites serving more than 5,000 customers in North America, Latin America, Asia-Pacific and Europe. Chemours is headquartered in Wilmington, Delaware and is listed on the NYSE under the symbol CC. ### **Forward-Looking Statements**

This press release contains forward-looking statements, which often may be identified by their use of words like "plans," "expects," "will," "believes," "intends," "estimates," "anticipates" or other words of similar meaning. These forward-looking statements address, among other things, our anticipated future operating and financial performance, business plans and prospects, transformation plans, resolution of environmental liabilities, litigation and other contingencies, plans to increase profitability, our ability to pay or the amount of any dividend, and target leverage that are subject to substantial risks and uncertainties that could cause actual results to differ materially from those expressed or implied by such statements. Forward-looking statements are not guarantees of future performance and are based on certain assumptions and expectations of future events which may not be realized. The matters discussed in these forward-looking statements also are subject to risks, uncertainties and other factors that could cause actual results to differ materially from those projected, anticipated or implied in the forward-looking statements as further described in the "Risk Factors" section of the information statement contained in the registration statement on Form 10 and other filings made by Chemours with the Securities and Exchange Commission. Chemours undertakes no duty to update any forward-looking statements.
